

If you...

LIVE, WORK OR LEARN

in the state of California, PAY ATTENTION!

DID YOU KNOW...

if these bills pass, they will affect some of the poorest and hardest hit communities?

Unless you take action

The CA you know will be lost. Even if these bills do not affect you now, it sets the stage to affect you later.

SB871

Adds COVID-19 injection to list of immunizations for public/private school, regardless of FDA approval, no Personal Belief Exemptions, very rare Medical Exemptions (see 2098).

AB2098

Classifies anti-covid medical opinion as "unprofessional conduct" and subject to discipline by medical boards.

SB866

Lowers the age of consent for vaccination to 12 without parental consent or knowledge.

SB920

Authorizes medical boards to inspect a doctor's office and medical records without patient's consent.

SB1464

Requires law enforcement to enforce public health guidelines or lose their funding.

SB1479

Requires schools to create long term COVID testing plans and report test results to CA Dept. of Public Health.

SB1390

Prohibits any person/entity from making statements the government deems untrue or misleading by any means including on the internet/ads.

SB1184

Authorizes school health personnel to disclose a child's medical information without the parent's consent to a third party.

AB1797

Creates an immunization tracking system giving all government agencies access to vaccination records of all persons.

AB1993

Requires proof of COVID-19 vaccination for all employees and independent contractors to work in California.

COVID-19 shots come with high risks

The injuries and deaths of the shot reported far out weigh the risk of COVID. More than 1 in 1,000 children have severe adverse effects to the shot where their risk of death with COVID is 1 in 500,000.

Statistically no healthy child has died of COVID-19

According to the CDC, the death rate for children under 19 from COVID is statistically 0%. No healthy child has died with COVID.

Shots do not prevent transmission

The shots were not tested to prevent infection or transmission and the drug companies don't claim they do.

Shot is currently experimental

Moderna and Pfizer describe the shots as "gene therapy" and have not met the legal definition of "vaccine."

Doctors are being silenced

Doctors and nurses speaking out about shot injuries, deaths and lack of reporting are being censored, fired or unlicensed.
